   - B. Warrant List dated 11/12/2026 in the amount of $12,228.35.

6. BUSINESS
   - A. Divisions 1,2,3 – Oath of Office
   - B. Replacement Forklift Purchase

7. ITEMS REMOVED FROM CONSENT AND PLACED ON BUSINESS

8. ANNOUNCEMENTS

9. DIRECTOR COMMENTS

10. CLOSED SESSION
None.

11. ADJOURNMENT

NEXT MEETING: Open Session at 1:00 P.M.
Thursday, December 3, 2026
40524 Lakeview Drive
Big Bear Lake, CA 92315

Elsa Donoho, Office Manager
Secretary to the Board of
Big Bear Municipal Water District

PLEASE NOTE:
Agenda related writings or documents provided to the Board of Directors are available for public inspection at www.bbmwd.com or in the District office during business hours, 8:00 am – 4:30 pm Monday – Friday.

Five (5) minutes may be allotted to each speaker for an item on the agenda and three (3) minutes may be allotted to each speaker for an item that is not on the agenda up to a maximum of thirty minutes for each subject matter. A speaker who utilizes a translator, except if the speaker uses simultaneous translation equipment, shall receive twice the time allotted for a speaker that does not utilize a translator. (Cal. Gov. Code § 54954.3.)

No disruptive conduct shall be permitted at any Board meeting. Persistence in boisterous or disruptive conduct (including but not limited to what the general public would consider prophane, explicit, or obscene language) shall be grounds for a summary termination, by the President, of that person's privilege to address the Board and the President may take such other actions in accordance with the Brown Act including, but not limited to, clearing the room of those willfully interrupting the meeting. (Cal. Gov. Code § 54957.9)

Individuals should contact the General Manager or designee if he/she requires disability-related accommodation or modifications, including auxiliary aids and services, in order to participate in the Board meeting. (Government Code 54954.2)

MINUTES OF A REGULAR MEETING OF
BIG BEAR MUNICIPAL WATER DISTRICT
HELD ON THURSDAY, NOVEMBER 5, 2026

1. OPEN SESSION

President Bradford opened the regularly scheduled Board meeting at 1:00 PM at the Big Bear Municipal Water District located at 40524 Lakeview Drive, Big Bear Lake, CA 92315 on Thursday November 5, 2026.

BOARD MEMBERS PRESENT:

Tom Bradford, President
Steve Ludecke, Vice President
Craig Peterson, Director
Mark Lee, Director
Craig Brewster, Director

2. PLEDGE OF ALLEGIANCE

Tom Bradford, President

Item 6D was withdrawn from the Agenda.

3. PUBLIC FORUM

None.

4. REPORTS

A. General Manager Jared Cheek reported that he attended virtual meetings with SAWHA and Southern California Edison regarding dedication, as well as a hydro workshop and FERC licensing meetings. Himself and Elsa Donoho attended a meeting regarding training on the Public Records Act. He also met with GEI Consultants regarding the Environmental Impact Report (EIR) and staff continues working with Caselle on the accounting transition.

   Mr. Cheek visited the local high school to speak with students about career opportunities. Seasonal employees have been released following the end of the boating season. He reported that the state mussel inspection sticker fee is increasing from $16 to $42. The East Ramp roof replacement is underway. Bay markers and approximately half of the 5 MPH buoys have been removed for the season. The current lake level is 9 feet, 6 inches below full. The lake bottom temperature is currently 51 degrees, compared to 53 degrees at this time last year.

B. 10/20/2026 – Watermaster Committee (VP Ludecke, Director Brewster)
   a. Vice President Ludecke reported that the meeting was brief and included a discussion with accounting. No significant issues were reported.

C. 10/21/2026 – Lake Improvement Committee (Pres Bradford & Director Brewster)
   a. President Bradford reported that this committee's topics would be discussed within the business items for this meeting.

D. 10/26/2026 – Operations Committee (Pres Bradford & Director Lee)

a. President Bradford reported that this committee's topics would be discussed within the business items for this meeting.

E. 10/28/2026 – Budget & Finance Committee (VP Ludecke & Director Lee)

a. Vice President Ludecke reported that quarterly and monthly financial activities are on track.

5. CONSENT CALENDAR

PUBLIC FORUM

None.

A. Minutes of a Regular Meeting on September 17, 2026.

B. Warrant List dated 10/09/2026 in the amount of $360,536.78.

Discussion:

With a motion made by Brewster and seconded by Lee, the consent calendar was approved unanimously:
AYES: Bradford, Brewster, Lee, Ludecke, Peterson
NO: -
ABSTAIN: -

6. BUSINESS

A. CONSIDER SPECIAL EVENT PERMIT FROM US ROWING FOR 2027 TRAINING CAMP FOR APPROVAL

PUBLIC FORUM

A representative from Gray's Landing commented on their support for the event.

DISCUSSION

President Bradford reported that the committee met with representatives a couple of weeks prior to discuss the proposed date changes. There would be no rowing activities on weekends. Vice President Ludecke asked about the timing of the event, noting that the previous year's activities took place in May and that the weather was cold.

Event organizer explained that the dates are changing due to the World Cup of Rowing schedule. They are working backward from that event and do not anticipate beginning rowing activities until after Memorial Day.

General Manager Cheek noted that Sunday activities would be permitted after 4:00 PM. President Bradford expressed concern about a potential conflict with the May trout tournament. Vice President Ludecke also raised a concern regarding the placement of the buoy line. Mr. Cheek explained that an updated map has been prepared to better accommodate the proposed activities.

With a motion made by Director Ludecke and seconded by Director Peterson, the motion to approve the 2027 US Rowing Special Event was passed:
AYES: Bradford, Brewster, Lee, Ludecke, Peterson
NO: -
ABSTAIN: -

B. CONSIDER APPROVAL OF A PROPOSAL FROM AQUATECHNEX, LLC, FOR A LAKE PHOSPHORUS INVESTIGATION AND ALGAE MANAGEMENT PLANNING STUDY.

PUBLIC FORUM

Larry Cooke commented that the investigation should include areas extending from the lake toward the high-water mark. He also noted that Big Bear Lake has different conditions than Lake Arrowhead.

DISCUSSION

General Manager Cheek explained that the proposal consists of two parts. The first part involves a planning and mapping survey to identify areas of interest. The mapping portion will be sent to a mapping company.

Vice President Ludecke confirmed that the mapping portion would cost approximately $21,000. Mr. Cheek explained that this cost includes both portions of the project mapping and sampling. The second portion of the project involves collecting samples to identify the types of treatments that may be effective in managing algae. Mr. Cheek confirmed that funding for the study is included in the District's budget.

President Bradford noted that it has been approximately 10 years since the last alum treatment and explained that the study will help identify areas with higher nutrient concentrations. He also acknowledged recent public concerns about the lake's appearance and emphasized the importance of identifying the best available management options.

Director Brewster asked how long the study would take. Mr. Cheek anticipated that the work would be completed by the end of the year. President Bradford asked whether the study would provide treatment recommendations. Mr. Cheek confirmed that it would identify potential treatment options.

With a motion made by Director Peterson and seconded by Director Ludecke, the motion to approve the proposal from Aquatechnex, LLC was passed:
AYES: Bradford, Brewster, Lee, Ludecke, Peterson
NO: -
ABSTAIN: -

C. CONSIDER AUTHORIZING THE GENERAL MANAGER TO EXECUTE AN AMENDMENT TO THE GEI CONSULTANTS PURCHASE ORDER FOR THE BIG BEAR LAKE MAINTENANCE AND IMPROVEMENT PROGRAM ENVIRONMENTAL IMPACT REPORT (EIR) AND PERMITTING STRATEGY.

PUBLIC FORUM
None.

DISCUSSION

General Manager Cheek explained that the original purchase order was approved for $370,936 and that work on the project is ongoing. GEI Consultants has requested additional funding to continue the work. Staff is requesting authorization for an additional $25,000, based on the consultant's proposals and estimated hours, with an additional $10,000 identified as a contingency. These needs were identified in 2023 and that the work is anticipated to be completed by the middle of 2027.

President Bradford asked what would happen if the additional funding were not approved. Mr. Cheek explained that the project would not move forward. President Bradford asked whether GEI Consultants could return later requesting additional funding. Mr. Cheek stated that there is no guarantee that additional funding would not be needed. Mr. Cheek said that a significant portion of the project has already been completed and that the remaining work includes components related to the public process.

President Bradford asked whether the additional costs were the result of an oversight. Mr. Cheek explained that the project began before his time with the District and that there had been some back-and-forth during the earlier stages. Vice President Ludecke asked how long the completed work would remain useful. Mr. Cheek stated that he was unsure of the shelf life but noted that if the District waited 10 years, some of the work would likely need to be completed again.

Director Brewster expressed hope that the District would be able to begin some dredging projects. President Bradford commented that he viewed the additional work as necessary because the District was already behind schedule.

With a motion made by Director Ludecke and seconded by Director Brewster, the motion to authorize the general manager to execute a purchase order amendment to the Big Bear Lake Maintenance and Improvement Program Environmental Impact Report and Permitting Strategy with GEI Consultants was passed:
AYES: Bradford, Brewster, Lee, Ludecke, Peterson
NO: -
ABSTAIN: -

D. CONSIDER PURCHASE OF REPLACEMENT FORKLIFT

This item was withdrawn from the Agenda.

7. ITEMS REMOVED FROM CONSENT CALENDAR

None.

8. ANNOUNCEMENTS

General Manager Jared Cheek announced the district office will be closed on Veterans' day, November 11, 2026.

9. DIRECTOR COMMENTS

Vice President Ludecke and President Bradford both commented on the memorial that was installed for the late Director Rehfuss.

10. CLOSED SESSION

None.

11. ADJOURN

There being no further business, the meeting was adjourned at 1:26 PM.

DATE AND TIME OF NEXT MEETING:

Date: 11/19/2026
Location: 40524 Lakeview Drive
Big Bear Lake, CA 92315
Time: 1:00 PM

BIG BEAR MUNICIPAL WATER DISTRICT
REPORT TO BOARD OF DIRECTORS

MEETING DATE: November 19, 2026 ***AGENDA ITEM: 6A***

SUBJECT:

DIVISIONS 1,2,3 - OATH OF OFFICE

RECOMMENDATION:

Receive and file the Oaths of Office for the appointed Directors.

DISCUSSION/FINDINGS:

On October 8, 2026, the San Bernardino County Registrar of Voters confirmed that the candidate filings for the following divisions had been formally accepted. Because the number of candidates did not exceed the number of available seats, these offices did not appear on the November 3, 2026, ballot.

Pursuant to California Elections Code Section 10515(a), the following candidates were appointed in lieu of election by the San Bernardino County Board of Supervisors at its October 6, 2026, meeting:

- Steven Charles Ludecke, Member of the Board of Directors, Division 1, four-year term
- Craig M. Peterson, Member of the Board of Directors, Division 2, four-year term
- Craig Andrew Brewster, Member of the Board of Directors, Division 3, four-year term

Per Administrative Code Section 2.106, persons elected or appointed to the Board must take the Oath of Office prior to assuming office, in the manner and at the time prescribed by law. The Board Secretary shall administer the oath.

OTHER AGENCY INVOLVEMENT: None

FINANCING: None

BIG BEAR MUNICIPAL WATER DISTRICT
REPORT TO BOARD OF DIRECTORS

MEETING DATE: November 19, 2026 ***AGENDA ITEM: 6B***

SUBJECT:

REPLACEMENT FORKLIFT PURCHASE

RECOMMENDATION:

The Board authorize the purchase of a replacement forklift from Crown Lift Trucks in the amount of $197,622.12 and authorize staff to surplus the current forklift.

DISCUSSION/FINDINGS:

The District's existing forklift was manufactured in the mid 1970's and has reached the end of its useful service life. It was identified for replacement in the Fiscal Year 2026-27 Capital Budget. A total of $250,000 was budgeted for this purchase.

Staff solicited quotes from vendors that provide the specialized forklift needed to meet the District's operational requirements. Two proposals were received. Crown Lift Trucks of Ontario in the amount of $197,622.12 and Pape Material Handling in the amount of $267,143.89.

Staff determined that Crown Lift Trucks offered the best overall value, providing the desired features and equipment at the lowest cost. The proposed purchase price of $197,622.12 is within the budgeted amount and will provide staff with a reliable replacement for the District's current forklift.

If approved, staff will place the order, submit the required deposit, and coordinate delivery with the vendor. Staff will also surplus the current forklift in accordance with District policy.

Dear Jim,

Crown is pleased to present this proposal for a material handling solution designed to help you meet your company's operational goals. Our dedicated team of professionals is committed to providing integrated solutions that deliver a low total cost of ownership and exceptional long-term value.

Crown's award-winning line of lift trucks demonstrates its reputation for advanced product design, engineering, and integrated manufacturing processes. Offering a broad range of forklifts, as well as automation and fleet management technologies, Crown seeks to provide customers with innovative, forward-thinking solutions designed to improve performance and reduce operating cost.

Many top ranked companies choose Crown due to the extraordinary trust they place in the company and its products, as well as the support they receive from the most comprehensive customer support and service network in the industry. Our goal is to be one of your best business decisions.

Thank you for the opportunity to present this proposal and the prospect of supporting your business success.

Sincerely,

Chris Felix
Account Manager

C-D SERIES

Rugged Performance and Solid Support

Crown's CD Series 13,500 to 20,000 pound diesel pneumatic forklifts combine industrial features, operator-centric design and Crown's extensive network of support to deliver a better experience for the operator and performance that exceeds throughput expectations year after year.

CD 60-90 Series

Discover the features of the powerful CD 60-90 models.

Industrial Diesel Engine

A turbocharged, intercooled 3.4L Doosan diesel engine with gear-driven valve train produces 108 HP with increased reliability and low maintenance. Tier 4 Final compliant with no Diesel Particulate Filter required. Three performance modes: STD, ECO, and High.

Attachments and Accessories

A variety of attachment options including sideshifters, integral fork positioners and weight scales are available. For enhanced load protection, hydraulic accumulators reduce carriage bounce while anti-racking valves absorb unintended impacts.

Oil-Cooled Disc Brakes

Dual braking assemblies are fully enclosed to prevent outside contamination and include a 5-year, 10,000-hour warranty, providing exceptional stopping power and long life.

Operator Comfort

A suspension seat, tilt steering and thoughtful control placement reduce fatigue. Optional cabins with power tilting facilitate ease of service and include numerous standard features along with various options for A/C and heat, rear view camera and panoramic mirrors.

Crown Service and Support

The CD Series is a robust forklift backed by Crown's nationwide service and support network, including quality parts and the assured performance of the Crown Integrity Service System.

Crown CD60-90 Diesel Pneumatic Forklifts: Performance and Support that Exceeds Expectations.

Quoted Model: H210XD Available Features

With over 90 years of heritage designing and manufacturing materials handling equipment, Hyster forklift truck solutions are brought to bear for our customers in the Hyster® H190-280XD forklifts making it the best choice for your heavy duty applications such as Lumber, Concrete, Steel Manufacturing, General Cargo, and Stevedoring. The Hyster® H210XD heavy duty truck is designed to provide you with low operating costs, superior ergonomics, excellent reliability and ease of serviceability. Right-sized engines, coupled with a load-sensing on-demand hydraulic system, automatic throttle-up and selectable ECO modes can save you up to 25% lower fuel consumption over prior Tier 3 products, reducing your total cost of ownership when you own a Hyster® forklift truck. The premium XD operator compartment is designed around the needs of your operator and provides superior comfort with good all-round visibility. A heavy-duty cooling system, tilting cab, CANbus controls, long service intervals and easy access to components ensures reliability and simplifies maintenance. You can't predict the future, but you can be ready. The Hyster® H210XD is ruggedly built for maximum durability and flexibility to help you minimize downtime, optimize operational flow and maximize performance. Think Ahead. Think "Hyster®"

Proposal Summary

Included Items	Description
Model	Hyster® H210XD High Capacity Forklift Truck: 21,000 lbs. (9,525 kg) Nominal Capacity @ 24" (610 mm) Load Center / 106" (2,700 mm) Wheelbase
Construction	Truck Start -- Key switch with start button -- Without Seatbelt Interlock
	Operator Password in Display - Required for Truck Start
Powertrain	Cummins QSB 4.5L Tier 4/Stage IV Diesel Engine: Rated Power 160hp (119kW) @ 2300 rpm - Peak Power 164hp (122kW) @ 2200 rpm
	Drive Axle Kessler 28,000lbs.
	Steer Axle - Spindle Tapered Roller Bearings 28,000lbs.
	ZF WG161 3-Speed Transmission with 3 Speeds Forward and 3 Speeds Reverse
Powertrain Options	High Mount Heavy Duty Air Intake with Sy-Klone Precleaner
	Low Mount Exhaust (Below Chassis)
	UL Label - Classification Type D
	Fuel Cap - Non-lockable
Powertrain Accessories	Jump Start Connector to Battery with NATO connector (SPED)
	Stainless Steel Strainer In Fuel Neck
Mast	2 Stage Non Free Lift Mast - 216" (5500mm) Maximum Lift Height - 163" (4132mm) Overall Lowered Height
	Mast Tilt - 15° Forward / 12° Back
Carriages & Attachments	94.5" (2400mm) Pin Type Apron-Style Sideshift Carriage
	Without Load Backrest
Forks	QTY (2) PIN-TYPE FORKS – 3" x 7" x 168", 34,200 lb. capacity @ 24" LC, standard taper
Front End Accessories	Hydraulic Accumulator in Lift Circuit
	Pressure Compensated Lowering
Hydraulics	6 Function (4 Auxiliary) Hydraulic Control Valve
	Hydraulics controlled by 4 Levers and 2 Rocker Switches - Not For Clamping Attachments
	90cc Pump Configuration with Dual 45cc Variable Displacement Pumps
Hoses	4 Auxiliary Function Hose Group
Wheels & Tires	Pneumatic Shaped Solid Drive Tires / 10.00 -20
	Pneumatic Shaped Solid Steer Tires / 10.00 -20
Operator Compartment	Open Operator Compartment
	Digital 7" Display
	Armrest on Left Side

	Electronic Horn 105 db(A)
	Interior Dome Light
	Manual Tilt Operator Compartment for Service Access
	Wire Mesh Installed on Top of Operator Compartment
Directional Control	Directional Control Lever - Mounted on Left Side of Steering Column
	Park Brake -- Automatically Applied
Seat	Mechanical Full Suspension Vinyl Seat
	Seatbelt - 2-Point High-Visibility
Telemetry	Hyster Tracker Wireless Monitoring - North America
	Telemetry Data Plan - including 5 year free Communication Fee
Lights & Alarms	4 HP LED Work Lights Cab Mounted Front / 2 HP LED Cab Mounted Rear / 2 LED Drive Lights Front Fenders / 2 LED Rearward Cluster with Stop, Tail and Reverse Lights
	Audible Alarm - Reverse Direction Activated
	Amber Strobe Light - Ignition Activated
	DC/DC 12/24V Converter with 1 Power Socket and 2 USB Outlets
Warranty	24 Months / 4,000 Hours Manufacturer's Truck Warranty; 24 Months / 4,000 Hours Manufacturer's Powertrain Warranty. Please see full Warranty Statement for additional details
Literature & Nameplate	English Literature Pack and Labels
Fees & Surcharges	Freight
	Mast Removed for Shipping
	Fees & Surcharges
